About ADHS Sexual Violence Prevention and Education Program

The Arizona Department of Health Services (ADHS) Sexual Violence and Prevention Program (SVPEP) receives funds from the Centers for Disease Control for programs aimed at preventing sexual violence and rape in Arizona. For the past eleven years, through community level cooperative interventions, SVPEP has provided prevention education on rape and teen dating violence to students, professionals, and community members in Arizona.

Currently, there are six agencies in three counties receiving funds to support a variety of primary educational programs throughout the state. Funded activities include:

- Educational seminars
- Trainings for professionals

- Education/training programs for students/campus personnel
- Education to increase knowledge about date rape drugs
- Other efforts to increase awareness of the facts about, or to help prevent sexual assault, including efforts to increase awareness in underserved communities, and individuals with disabilities
