## Our Family Services

### REEL Talk: Act Out

Our Family's Mission: "Making our community a better place to live, to grow up, and to grow older."

We are aiming to instill a sense of personal purpose to our youth to be able to define, recognize, and prevent sexual violence in their lives and to introduce the Developmental Asset of Empowerment to our program participants.

**REEL Talk:** Healthy Relationships and Sexual Violence Prevention and Education through film uses filmmaking and outreach to help at-risk youth, ages 14-21, prevent sexual violence and other risky behaviors.

### TEEN FILM:

- The youth film-makers research, develop, write, direct, and act in dramatic or documentary presentations on the topic of preventing sexual violence and present in community settings around Pima County.
- Youth are recruited by Prevention Specialists and the Program Manager to participate in the project. Under the direction of the Prevention Specialists, training begins with research on sexual violence and ends with the final film production. In addition youth are gaining knowledge on the primary prevention of sexual violence.
- The youth and Prevention Specialists publicize and host public screenings of completed films.
