Peer Solutions

Peer Solutions (PSI) is an Arizona-based 501(c)(3) nonprofit organization founded in 1996 with a Mission: *to cultivate healthy communities through STAND & SERVE (S&S), a primary prevention initiative fostering safety, equality and respect as norms* to prevent the underlying conditions of sexual violence including violence perceived as normal, silence/denial and oppression. We are all Peers, We are all the Solution.

STAND & SERVE activities include:

1. Weekly S&S lunch meetings with high schools in Phoenix and Tempe. Students learn about, discuss, plan and implement activities to prevent sexual violence on and off campus before it begins.
2. Weekly S&S after school and summer workshops/activities for elementary, middle and high school students across Tempe and Phoenix. Students learn from Peer Educators about why and how to prevent sexual violence before it begins with activities across the socio ecological model.
3. Monthly S&S Coalition meetings. School, family, and community partners in conjunction with students developed **THE GUTS TO BE GOOD (G2BG)**, an initiative that emphasizes five things we, as a society, can do to cultivate safety, equality, and respect as norms. They are: **1. The guts to be RESPECTFUL** **2. The guts to be COURTEOUS** **3. The guts to SPEAK UP** **4. The guts to be HONEST** and **5. The guts to LEND A HAND.** Together we learn about, discuss, plan and implement activities to prevent sexual violence before it begins.
4. On-going S&S community service projects, celebrations and events, such as the biannual Days at the Capitol, Town Halls and prevention workshops focusing on primary prevention of sexual violence. S&S encourages events to lay a foundation in preventing sexual violence before it begins by bringing together school, family and community partners to design and implement solutions year round.

About ADHS Sexual Violence Prevention and Education Program

The Arizona Department of Health Services (ADHS) Sexual Violence and Prevention Program (SVPEP) receives funds from the Centers for Disease Control for programs aimed at preventing sexual violence and rape in Arizona. For the past eleven years, through community level cooperative interventions, SVPEP has provided prevention education on rape and teen dating violence to students, professionals, and community members in Arizona.

Currently, there are six agencies in three counties receiving funds to support a variety of primary educational programs throughout the state. Target populations include students in elementary through high school, college students, women, medical and legal professionals, law enforcement personnel, and Latino and Native American youth.

Funded activities include:

- Educational seminars
- Trainings for professionals
- Preparation of informational materials
- Education/training programs for students/campus personnel
- Education to increase knowledge about date rape drugs
- Other efforts to increase awareness of the facts about, or to help prevent sexual assault, including efforts to increase awareness in underserved communities, and individuals with disabilities
- Operation of hotlines
